I have been practicing photography for over twenty years. As you can see by reviewing my product list, I offer a full range of photographic services. I have the resources, and ability, to handle small jobs, large requests, and everything in between. In most instances, I can photograph, edit and have a proof portfolio back to you in within ten days. Although I have conducted photo shoots in my home, I prefer to shoot people in their own environments. I will travel to the location of your choice.

I have been told, on numerous occasions, that my photos are not merely pictures. Rather, they are captured moments, that communicate the emotions and beauty which I see all around. I do not take snap-shots. I create images. I specialize in candid portraits. But, I also have experience in wedding photography, sporting events, children's photography, as well as photographing animals. I have built portfolios for aspiring models. And, my work has been used for marketing purposes.

Please take a few minutes to review my entire web-site. I feel the images I have posted represent the breadth of my experience. Please, feel free to contact me with any questions. Your satisfaction is guaranteed.

Thank you for your consideration, and I hope to hear from you, soon.

Sincerely,

Jason M. Edwards,

***J. Morgan Edwards Photography***
